- What noise does a monkey make?
- What noise does a snake make?
- What noise does a crocodile make?

**Let's Pretend:**

Let's pretend that you are going to the Jungle. Talk to your grown up about what sort of things you may see? Imagine you have to help Disco Duck find all of his jungle friends. Pretend that you are climbing a tree to find the monkey. Then swim a river to find the crocodile, look through the bushes to find a snake and climb the rocks to find the lion!

(Please send us your photos of your adventures, Disco Duck would love to see you having fun!)
